While you are welcome to bring your favorite rod and reel and lures, we are equipped with everything you will need. Please wear soft soled boat shoes or sneakers. Tell us of any special needs.

What Not To Bring

Hard alcohol, illegal drugs, or explosives of any kind will assure your speedy and comfortable return to the dock, with no refund.

Tips

Tips are a normal part of a fishing trip.

Your mate will work hard with the captain to get the boat ready for you, help set up your fishing tackle, help you catch fish, fillet the fish, pack the fillets in zip lock bags for your dining pleasure, and clean the boat after the trip. Please tip him the same as you would a waiter in a restaurant who provides a like amount of service.

The captain will be a coast guard licensed merchant marine officer who runs the boat and takes you to the best fishing spots for the kind of fish you wish to catch. He is fully accountable for the boat and to you for your safety and pleasure on the trip. It is acceptable to give him a thank-you also, but that is up to you based on how much you believe he has personally added to your trip.
